“ *My mother had just passed, when you contacted me. Your father Edwin A. de Silva, was very ill, and he wanted to know about his Theophilus Sabin Metcalf tree. He was mine/your ggreat grandfather, his daughter Helen Ka'ili Metcalf was our ggrandmother. So that started our next four years of talking story, you also felt much Aloha in telling your father and sharing photo's/stories of his Metcalf roots. When I visit the islands, I will feel you in the wind....Your 2nd cousin 1xremoved A hui hou Emma Lea Clegg*

“ *We just learned of Kapu's passing. Thank you To the family of Kapu The entire staff at the Hawaii Agriculture Research Center was shocked and saddened by the passing of a long time associate and colleague.*

*She was one of the true advocates for agriculture in Hawaii and a great asset for Kamehameha Schools and its lands. She was always willing to help the agricultural sector and associations that supported agriculture in any way that she could. She was an avid and vocal advocate within Kamehameha Schools for supporting the needs of its agricultural land often going against more common uses*

*We will truly miss her. The agricultural community will surely miss her. Aloha Kapu,*

“ *Aunty Jane and I were shocked to hear of the passing of our beautiful niece and cousin. Kapu, of all your siblings you reminded us of your Mother the most. Always smiling and kolohe. We will always remember your kindness and warmth and how you would always take time to talk story with the kupuna and the keiki alike. I was lucky enough to spend one summer in Maunawili and got to know you better. You made me feel welcome there and whenever we ran into each other that you'd go out of your way to say hello. I love you like a sister and I was so looking forward to seeing you again. I know you're with Mom and Dad, and Uncle Lono now. We Love You, and Miss You. Till we meet again. Cousin Warner and Aunty Jane Bray.*

“ *Kapu always had a friendly smile and aloha when she went out of her way to help us. We spent many days in the valleys and mountains above Haleiwa enjoying the wonders of the native forests thanks to her efforts.*  
*Ed Mersino, Hawaii Chapter of the Sierra Club*

“ We have fond memories of Kapu's smile whenever we passed her on Opaeuia Road. From the flower farms to the koa forests and water sources in between, Opaeuia ridge has been well managed under Kapu's supervision.

*It was great working with a land manager who recognized the significance of Kamehameha Schools' historic properties and unique assets.*

*She will be missed.*

*We planted a Norfolk Pine tree for her today.*
